

Benefits

Deep Hydration: Retains moisture, keeping the skin hydrated, soft, and supple throughout the day. **Non-Greasy Texture:** Absorbs quickly without leaving an oily or sticky residue. **Improves Skin Texture:** Smoothes rough patches and dry areas, enhancing overall skin softness and tone. **Gentle and Soothing:** Calms irritation and provides relief from dryness, ideal for sensitive skin. **Protects the Skin Barrier:** Strengthens the skin's natural moisture barrier, shielding it from environmental aggressors.

How It Works

Hydrating Agents: Penetrate deeply into the skin to provide long-lasting moisture and reduce dryness.

Lightweight Formula: Ensures quick absorption, leaving the skin fresh and non-greasy.

Barrier Protection: Restores and maintains the skin's natural barrier to prevent moisture loss and reduce sensitivity.

Side Effects

Melacare Soft is generally safe for daily use. Rare side effects may include: **Mild Irritation:** Redness or sensitivity, particularly in very sensitive skin. **Temporary Greasiness:** If over-applied, it may feel slightly heavy on the skin.

Expert's Advice

Apply on Clean Skin: Use after cleansing for better absorption and results.

Use Regularly: Apply twice daily, in the morning and evening, for consistent hydration and balance.

Pair with Sunscreen: During the day, follow with sunscreen to protect against UV damage.

Use a Small Amount: A little goes a long way; over-application may feel heavy.

Patch Test First: If you have sensitive skin, test on a small area before widespread use.

Frequently Asked Questions

Q. What is Melacare Soft used for?

It is a daily moisturizer that hydrates, soothes, and protects the skin, suitable for all skin types.

Q. Is it suitable for sensitive skin?

Yes, it is gentle enough for sensitive skin. A patch test is recommended for first-time users.

Q. Does it leave a greasy residue?

No, it is lightweight and non-greasy, leaving the skin soft and smooth.

Q. Can it be used as a makeup base?

Yes, it provides an excellent hydrating base for makeup, ensuring a smooth finish.

Q. How often should I apply it?

Apply it twice daily or as needed to maintain hydration and nourishment.

Q. Does it help with dry patches?

Yes, it effectively hydrates and softens dry areas, improving skin texture over time.

Q. Is it suitable for oily skin?

Yes, it is non-comedogenic and suitable for oily and acne-prone skin.

Q. Can it be used with other skincare products?

Yes, it can be layered with serums, sunscreen, or treatments as part of your skincare routine.

Q. Does it have a fragrance?

Check the label for specifics, but it is typically formulated with minimal or soothing fragrance.

Q. Can it be used in winter?

Yes, it is effective in hydrating the skin during all seasons, including dry winter months.
